THE FRIENDS SPACE

All events can be customized with different offerings and add-ons.

The Friends Space is situated in the heart of Berlin-Kreuzberg—a 350sqm design-driven space shaped by the friendships represented by our international publication, Freunde von Freunden.

The Friends Space loft can host everything from intimate dinners to larger events like workshops,

receptions, and exhibitions. The modular architecture allows the venue to transform according to its user's needs, creating room for synergies between contemporary art, design, and forward thinking amongst our international network—always connected to real stories, events, and creative people.

1

THE VENUE

A 350sqm modular space in Kreuzberg

We offer high-end interior design with further custom furniture settings available on request, exclusive lighting installations, an open kitchen format, catering (from flying buffet to elegant seated dinner), and a custom made modular bar supported by Diageo World Class.

2

EVENT MANAGEMENT

Organizing an event from the beginning until the end

We act as a full service event agency and provide customized services for each client including guest management, event styling, and staffing service. Our team consults clients from the initial seed idea to research, concept creation, and production.

3

ENTERTAINMENT

Providing the right entertainers from various fields

Our extensive network of creatives, across all industries, can create memorable experiences for your event, such as live music & DJs, chefs for cooking events, world class bartenders for cocktails classes and tastings, performing artists, workshop leaders, and inspiring speakers.

4

DESIGN/CONTENT PRODUCTION

Creating a design and online presence

Our creative team can support you with a range of services including invitation design, visuals and graphics, social media content, photo and videography, and unique storytelling.

ABOUT FREUNDE VON FREUNDEN

Freunde von Freunden translates to “Friends of Friends” and that’s the guiding philosophy behind FvF. We are an international network of inspiring individuals from diverse creative and cultural backgrounds. Our website is a digital representation of a creative community brought together by a collective interest in art, urban

living, food, mobility and design. While our foundation is our online platform, we also collaborate with likeminded brands and organizations on creative projects such as dinners, concerts, publications, events, and video productions.
